

# MY SPORTING HERO: LANCE EDWARD ARMSTRONG

I want to write about Edward Armstrong because he's one of the world's best cyclist.

Edward Armstrong was born in Plano, Texas, USA in 1971. Was raised by a single mother after early childhood, their father left.

Many people say that Armstrong is the best cyclist of all time. He was won "Le Tour de France". In 1996 doctors have found Armstrong cancer. But by making a large number of operations, the cancer is gone. Armstrong got a chance at a new life.

Edward didn't give up and showed everyone that even cancer can't stop the hobby.

Armstrong loved sports and did not leave him even after the illness, and that's why he's my sporting hero.
