# WHERE IS MOLEBSKY TRIANGLE

Molebsky triangle is located near the village of Molebka. Ufologists say in the area happen paranormal phenomena. The total area of UFO sightings and paranormal phenomena over 1000 sq. km.

# WITNESSES

In June 1980 local habitant Paul Sergey looked falling of space body. Geologist Emil F. Bachurin claims that in October 1984 saw the purple balloon, rising from the forest. According to the story Bachurina, on the site of the alleged landing of an object he found the thawed diameter 62 m.

# PLACES WITH ANOMALOUS PHENOMENA

According to the ufologists, frequent phenomena occur in the following places located on the territory Molebskoy zone, which is indicated by the relevant pointers to areas: the central field, Settlement, Witch ring.

# WHITE MOUNTAIN

Before the war there was built a camp for political prisoners. Still preserved foundations of buildings, sawmill residues, in the grass can be tripped over pieces of rusty barbed wire. There have been unusual phenomena: the flashing sparks at a height of about five feet from the ground, suddenly the incident by the forest during the cold wind of absolute calm, balls.

# SKOPINA

The ancient settlement, now completely disappeared. Define it is possible only on a rectangular grass field bush that stood houses. Is on the way to the other anomalies isledovanija - Snake Hill. Passing Skopina, need some time to walk along the parched marshes, just wrapping the left. Then you pass by this tunnel formed by the woven twigs of trees and dense foliage. Here twilight reigns and about 200 meters you have to go dark corridor.

# WITCH RING

This place is situated on the bank of the river Sylva, near the rock height of about 60 meters. When photographing at this point in a certain direction, then in the pictures, very often incomprehensible dark balloons with white spots in the center - the so-called "Witch Ring"
