# CHOOSING A NAME IN RUSSIA

People in Russia usually have three names. They have a first name, a middle name and a surname.

Popular first names for boys these days are Ivan, Stepan and Svyatoslav. Children usually have their father's surname. Common surnames are Petrov and Sidorov. Some names are traditional in families. These names can be made old-fashioned such as Ivan. The name good, but not really strong and rather silent, than loud, with implicitly is also not really convex the expressed signs. The sign "short" is treated as conservative, steady, committed to constancy. The name is quite popular, and meets in the cities more often, than in the village. "... the root enters this name on constancy, stability, definiteness... there is no character with big inconstancy in true value of this last word.
